Al-Husam Engineering- Overview

- **Al-Husam** is a leading Electromechanical & Renewable Energy and Building Construction Contractor of Commercial, Residential , Industrial, Infrastructure ...etc
- **Al-Husam** is a diversified firm with the ability to meet its clients` needs .
- **Al-Husam** Engineering has attracted engineering and construction management field staff. In addition, the company leads the market in its implementation of progressive practices in the areas of project management, scheduling, budgeting and administration

Al-Husam Core Business

- EPC Contracts for Electrical, Mechanical and Infrastructure Engineering and project execution for Commercial and Industrial Applications
Currently involved in renewable energy and solar PV system
- **Ministry of Public Works and Housing Classification**
 - Class-2: Electromechanical & Renewable Energy.
 - Class-4: Building Construction
- **Other Classification:**
 - Ministry of Trade & Industry: Renewable energy & Solar PV system
 - Civil Defense Authority Recommendation in Fire Alarm & Systems
 - Class-D (UNRWA) Recommendation in Electromechanical Design
 - A member in JCCS (Jordanian Construction Contractors Society)
- **Authorized Installer:**
 - Petra HVAC Products (Air Conditioning, Ventilation, Heating)
 - Fire Alarm & Systems by the Civil Defense Authority
 - Transformer station

Al-Husam Core Business

- **Building**

- Construction of buildings (construction of schools and health centers, multi-purpose halls, Gyms, football fields, public parks etc.)
- Steel structure building (hangers)
- Pre-fabricated construction
- Rehabilitation and maintenance of buildings
- Infrastructure works

Al-Husam Core Business

- **Electromechanical**
 - Central Air Conditioning & ventilation systems
 - Close control air conditioning systems
 - Domestic water services & Drainage
 - Firefighting and detection
 - Electrical power distribution
 - Lighting
 - U.P.S
 - Standby power
 - Comprised Air
 - Industrial Deranges system
 - Generation station (Transformers & switch gears)
 - Renewable Energy Systems (Solar & Wind) .

Al-Husam Core Business

- **Water and Sewerage**
 - Pumping stations
 - Water tanks
 - Rehabilitation of pumping stations
 - Ponds & small dams- Water harvesting
 - Water catchment system at House hold level (concrete or plastic)
 - Grey Water
- **Others**
 - Water wells
 - Roads & Asphalting

Al-Husam VISION & MISSION

- VISION

Al-Husam is committed to creating mutually rewarding partnerships by providing exceptional client service, quality projects, and meeting schedule and budget realities. The result of this commitment is relationships and projects that endure of time.

- MISSION

Al-Husam is aiming to be a regional leader in the engineering, design, project management, execution, operation and maintenance of Electromechanical & Renewable Energy and building construction projects for different facilities.

AL-HUSAM QHSE POLICY

AL-HUSAM proudly articulate it's commitment to meet and when possible to even exceed from our customer's

- requirements through continuous improvement of our processes. We are dedicated to deliver defect-free
- product on-time at the most competitive possible cost.
- We provide appropriate resources and actively seek the participation of all members of our employees, subcontractors
- and clients in achieving safe and error free completion of work. Our Health, Safety, Environment
- & Quality Policy remind us:
- Total commitment to HSEQ by all employees within every aspect of our business.
- Total commitment to prevention of injury and ill health and continual improvement in OH &
- management and OH & S performance.
- Document objectives, roles and responsibilities of employees & subcontractors.
- Developing and empowering of our employees to do what is needed to satisfy the customer.
- Mandate continual improvement by relentlessly striving to be the best.

AL-HUSAM QHSE POLICY

- Ensure that this policy is communicated to & understood by all employees.
- Systematically identify and assess business risks and opportunities including planned changes.
- Maintain and use systems, processes and procedures for all aspects of our business.
- Promote a safe working environment where our employees can develop their capabilities and grow through education and skill development.
- Maintain open communication with customers and evaluate customer satisfaction.
- Identify, investigate & correct quality shortfalls & take appropriate action to prevent recurrence.
- The company aims to continually improve the effectiveness of this HSEQ policy during periodic management meeting to achieve the settled quality objectives.

ENG. HUSAM NAMROUTI

GENERAL MANAGER

AL-HUSAM Environment policy

Prevention:

- 1-** Each site must have an up-to-date written environmental policy, which complies with the local environmental law. It must be signed by the current senior person on site.
- 2-** Each site must comply with all local environmental legislation and with any project owner company standards. Compliance will be with whichever is the stricter of these and it must be documented.
- 3-** Each site must establish emergency plans for all reasonably foreseeable environmental emergencies to avoid any possible harm to the environment.
- 4-** And ensure their effectiveness by undertaking regular exercise drills at least bi-monthly.
- 5-** All employees, including those with specific environmental responsibilities must be given appropriate training, suitable for the execution of their responsibilities. Such training must be regularly reviewed and updated.

Personal Protective Equipment's (P.P.E)

AL-HUSAM Quality policy

AL-HUSAM ensures that this statement and the associated procedures apply to all activities and work undertaken within the company. **AL-HUSAM** can demonstrate its ability to consistently meet customer, statutory and regulatory requirements together with its commitment to enhance customer satisfaction through conformity with client needs and continual improvement of our systems.

Al-Husam success is based on the quality and commitment of its experienced and professional management and construction personnel. Ongoing development of our operations and upgrading of equipment and facilities ensure that we combine the best in modern building techniques with the best in traditional craft skills. Not only are we committed to producing a quality product, but also in providing our clients with a quality service throughout the construction of our projects and products.

The **Al-Husam** approach is to listen and openly discuss the individual needs of every contract so our clients receive what they require and more importantly, know exactly what they are getting before any contract is signed. We work closely and collaboratively with our clients throughout project delivery to ensure their expectations are met.

AL-HUSAM Quality policy

Al-Husam philosophy is to maintain, and improve if possible, our record of providing work of the highest quality, in accordance with the clients' requirements, on time and within budget. To this end we endeavor to work as a team in a spirit of co-operation with the client and their professional representatives.

Al-Husam is committed to:

Setting and monitoring Targets and Objectives

Reduce incidents and customer complaints

Identify improvements to existing working practices

Provide a quality project management service through the delivery of projects and end products

Continually evaluate the effectiveness of HSQE Plans, Work Package Plans and Task Briefing Sheets etc.

For **Al-Husam** to achieve the above objectives, all employees & sub-contractors must:

Understand the client's requirements.

Be responsible and accountable for the quality of service and quality of work

Al-Husam Elechtromechanical Projects

Dabouq Mall

- Complete Electromechanical works (7000 m²).
- Owner: Islamic Arab Bank.
- Design: ESSARAY Consultant

Al-Husam Distinguish Project Swefieh Avenue Mall

- Complete Electromechanical Design
- One of the largest malls in Jordan.
- Located in the center of the business district Swefieh, west of Amman
- Various international brands/trademarks stores and recreational facilities such as restaurants, cafes and play areas and "Carrefour".
- Parking lot for customer and employee vehicle
- Year : 2009-2011
- Complete Electromechanical Works (60000 m²).

Al-Husam Medical Project Portfolio I

Kidney Specialized Hospital

- All Electromechanical system 7000 m².

Al-Jazera Hospital

- All Electromechanical works 7000 m².

Al-Husam Medical Project Portfolio II

Al-Bashir and Maan Hospitals

- Air conditioning works , Refrigeration works cold rooms & freezes including units
- Electrical works control and power

Al-Shouneh Hospital

- Pumping , Piping network , civil Works (12000 m²).

Prince Hamzeh Hospitals

- Air conditioning works, renovation works (15000 m²).

Al-Husam Educational Project Portfolio II

University of Jordan - Engineering College

- Rehabilitation of the HAVC system (2000 m²).

Al- Hashmeiah University - Chemistry Department

- Electromechanical works.

Al-Husam Air Ports Project Portfolio

Airport Duty Free Shops

- Electromechanical Design for north & south shops (6000 m²).

Queen Alia Airport for the rehabilitation of Terminal # 1

- Electrical and HVAC Works (62000 m²).

Al-Husam Air Ports Project Portfolio

Amman Air Port - Departure Gate

- Electrical and HVAC Works (4000 m²).

Aqaba Air Port - Royal suit

- Electrical and HVAC Works (800 m²).

Al-Husam Hospitality Project Portfolio

San Rock International- Um-Uthinah

- Electromechanical & HVAC works (7000 m²).

Firas Palace Hotel–Alwebdeh

- Electromechanical & HVAC works (6000 m²).

AL-Kindy Hotel

- Electromechanical & HVAC works (2500 m²).

Al-Husam Industrial Complex Project Portfolio I

Butter Factory for Wahbi Tamari Co.

- Refrigeration , HVAC , Electromechanical and Heating systems.

AMPCO Electromech Refrigeration works for Texim Co., Italy

- Refrigeration , HVAC and Electromechanical systems (20000 m²).

Inter Arab Oil Co. (Shaheen) for Oil production line

- Refrigeration , HVAC , Electromechanical and Heating systems.

Al-Husam Industrial Complex Project Portfolio II

National Poultry Co. from Grasso Co. Holland

- Refrigeration , HVAC and Electromechanical systems (30000 m²).

South agricultural Co. from Noy Food Impianti-Italy

- Refrigeration , HVAC and Electromechanical systems (15000 m²).

National Chlorine Company

- Electromechanical works (1000 m²).

Al-Husam Miscellaneous Project Portfolio

Dhulail substation- 33/11kv Electromechanical

- HVAC and Electromechanical systems .

Regadan Royal Palace-Main store building

- Refrigeration , HVAC and Electromechanical works.

Al-Husam Renewable Energy Projects

Jordan Kuwaiti Bank

- Transformer & Switchgear Building Works.
- All Electromechanical & Civil Works 2.1 MVA PV Plant .

Al-Husam Renewable Energy Projects

Al-Khaldi Hospital

- Transformer & Switchgear Building Works.
- All Electromechanical & Civil Works 2.3 MVA PV Plant .

Al-Husam Renewable Energy Projects

Bank of Jordan Project

- Transformer & Switchgear Building Works.
- All Electromechanical & Civil Works 3.6 MVA PV Plant .

Al-Husam Renewable Energy Projects

ISTIQLAL MALL

- **Main Contractor : SPECTRUM**
- **CLIENT : Yellow doors**
- **SCOPE OF WORK :**
 1. Design , Supervise & Consultant 3.89 MVA PV Power plant in AMMAN area.
 2. on grid system connected to 33 KV S/S..

Al-Husam Building Projects

(Kepco) KPS Third Generation Power Project

- Area of building & external works 2000 m².
- All Steel Structure (Hanger) , civil & Construction , electromechanical works .

Al-Husam Building Projects

Alhamdulillah Housing Complex

- Complete Electromechanical & Building (5000 m²)

Al-Husam Building Projects

Alamal company for Plastic Pipes

- Complete Steel Hangar , Electromechanical and infrastructure works (6000 m²).

Al-Husam Medical Project Portfolio I

Al-Mafraq Military Hospital

- All Electromechanical works 3000 m².

University of Jordan The Medical Hospital

- Building works (2500 m²).

Al-Husam Educational Project Portfolio I

Al-Balqa University-Engineering Bolytecknic College Building

- Building & infrastructure works (20000 m²).

Al-Balqa University Al-Salt College

- Finishing Works (10000 m²).

Al-Balqa University Agricultural Research Center

- Building & infrastructure works (20000 m²).

Al-Husam Miscellaneous Project Portfolio

Multiple Large Complex Vilas and Palaces

- Al- Skafi Villa – Jubiha
- Al-Zeq Villa – Sport City
- Talhony Villa – Abdon
- Dr Abu Sitta villa Tla'a Al – Ali

Al-Husam Miscellaneous Project Portfolio

IOM Prefab. Building

- Rehabilitation Works of Prefab. Building 1500 m2

Al-Husam Miscellaneous Project Portfolio

Amman Airport Hotel Roads

- Roads & Asphaltting Works for Yards & Ways for about 3500 m²

Al-Husam Miscellaneous Project Portfolio

Applied Science University

- Infrastructure Work for Water Well , Electrical Cabling feeding buildings & Mechanical water piping networks for the university

Al-Husam Overhead Crane Projects

Samra Electric Power Co. (SEPCO)

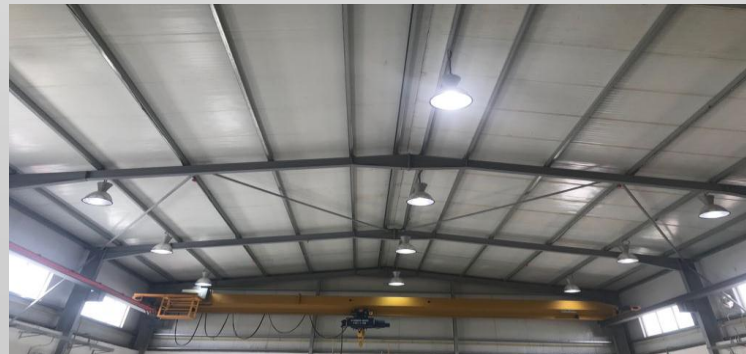

- Electrical Overhead Traveling Crane
- 100 Ton

(Kepco) KPS Third Generation Power Project

- 5 Ton

Al-Amal Company For plastic Industries

- 10 Ton
